To the Information and Privacy Coordinator:

I would like to request, under the provisions of the Freedom of Information Act, the release of any and all reports of the President's Foreign Intelligence Advisory Board (PFIAB) related to Rwanda that were produced between January 1, 1995 and December 31, 1998. I intend to use the information in the PFIAB report on the Rwanda genocide as part of a "lessons learned" study that the U.S. Holocaust Memorial Museum is currently completing on U.S. intelligence analysis and diplomacy toward Rwanda during the three years leading up to the 1994 genocide.

Please note that I am an employee of a "sister branch" of the U.S. Government, the U.S. Holocaust Memorial Museum. Under the terms of the Freedom of Information Act - 5 USC §552(a)(4)(A)(iii) - other federal agencies qualify to receive documents at no charge or reduced charge:

Documents shall be furnished without any charge or at a charge reduced below the fees established under clause (ii) if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.

If there is to be a charge, then it should be at a rate that is at or below the reasonable standard charges for document duplication only (not to include costs for search, duplication, and review - charges only appropriate when the material is destined for commercial use).

I deeply appreciate your assistance with this request.

With best wishes,
